WHAT DOES A DATA SCIENTIST DO?

1 DATA COLLECTION:

Gather raw data from various sources, ensuring its accuracy and completeness.

2 DATA CLEANING:

Process and clean data to remove errors, inconsistencies, and missing values.

3 MACHINE LEARNING:

Develop predictive models using algorithms to make informed predictions and classifications.

4 DATA VISUALIZATION:

Create visual representations to communicate findings and insights effectively to stakeholders.

5 FEATURE ENGINEERING:

Select and transform relevant features to enhance model performance.

6 MODEL EVALUATION:

Assess model accuracy, adjust parameters, and fine-tune for optimal results.

7 DEPLOYMENT:

Implement models into production environments for real-time decision-making.

8 EXPLORATORY DATA ANALYSIS (EDA):

Utilize statistical techniques to uncover patterns, trends, and relationships within the data.

10 CRITICAL STRATEGIES
TO BALANCE TECHNICAL & SOFT SKILLS
FOR AN IMPACTFUL CAREER

The image shows a screenshot of the Amazon product page for the book "Beyond Code: 10 Critical Strategies to Balance Technical & Soft Skills for an Impactful Career | A Practical Guide for Data Scientists, Analysts & Engineers" by Tezan Sahu. The page is displayed in a browser window with a blue border. The book cover is visible on the left, showing the title and author. The right side of the page contains the book's title, author information, price (₹125.00), and a description. Below the description, there are options to follow the author and a table of specifications including print length (98 pages), language (English), publication date (10 March 2023), file size (1371 KB), and page flip settings. The product details section lists various features like simultaneous device usage, text-to-speech, and screen reader support. A red box highlights the best sellers rank: #1,972 in Kindle Store, #1 in Library & Information Sciences, #1 in Calendars, and #1 in Applications & Software eBooks. A large gold seal with the text "AMAZON #1 BESTSELLER" is overlaid on the bottom right of the page.
