3 Mistakes

While Creating Realistic Images with MJ

- **Short, vague or ambiguous prompts**
 - 'a beautiful landscape' vs 'a photorealistic image of a snowy mountain range at sunrise with a clear blue sky'

VS

3 Mistakes

While Creating Realistic Images with MJ

- **Inappropriate or conflicting keywords**
 - Using keywords like 'cartoon' during photorealistic image generation
 - Using bright & dark in different clauses of same prompt

Prompt: a tulip garden --style --ar 16:9

Is the Devil in the Detail?

Before (Simple Prompting)

After (Detailed Prompting)

Difference in quality of the images obtained by supplying MJ with Simple Prompts (artifacts such as hair through the raincoat, blurred hands, lack of depth) vs Highly Detailed Prompts

Simple Prompt

Royal Bengal tiger walking in a forest

Detailed Prompt

Royal Bengal tiger walking in a forest, painted in photorealistic style with oil on canvas, set in a rainy autumn environment with a somber mood. Include details such as the tiger's stripes and the raindrops. Emulate a Canon EOS 5D Mark IV camera with an aperture of f/2.8, use natural lighting conditions, and compose with the rule of thirds.
